Förder-undLagertechnik

Carpet paternoster TPL

The technology with continuously circulating chains, originally derived from mining, is ideal for efficient storage and attractive presentation of carpets and other rolled goods like pond liner and artificial turf.

Large presentation areas, display and contemplation of the products from short distance promote customer information. The short access time in interaction with the local assembly ensure a smooth sale. Loading and unloading is easy and secure, even during opening times.

CARPET PATERNOSTER

Technical data:

- width of fabric: 2.000/3.000/4.000/5.000 mm + special sizes
- height: 2.750-8.950 mm
- width: fabric width + 600 mm
- depth empty: 1.260 mm
- roll diameter empty: 650 mm
- chain security: at least 7-fold
- chain breaking load: 11 tons
- deflection at the top: Steel chain wheels with maintenance free sealed ball bearings
- deflection below: SIKU® from schwab - patented chain transmission for the highest safety standards. Intervention in the chain in the operating area is impossible.

CUTTING MACHINE

Carpet cutting machine TSM S50

Cutting machine TSM

width of fabric:	2.000 / 3.000 / 4.000 / 5.000 mm + special sizes
width:	610 mm over fabric width
height/depth:	1.000 / 1.050 mm
goods velocity of circulation:	10 m/min forward and backward
design:	TSM S 50 wrappes rolls up to \varnothing 450 mm
cutting:	Stationary, freely movable or on rails
measuring:	Electrical HOOGS round knife machine
	Mechanical dial gauge

Sales aids

Little Helpers - big effect

Trolley:

Perfect for loading and unloading and on-site transport of rolls.

Straps:

Fast and reliable backup and closing of the rolls, even for composite film rolls.

Cutting machine:

Robust HOOGS round knife machine. Easy handling, high power, long life expectancy.

Carpet pins:

For closing of carpet rolls. The dangerous vertical standing in unused condition is prevented by the security head.

Register board:

Overview in warehouse and sales logistics.

Cutting edge:

Available in 2, 4 and 5 meter in length.

Our experience - your benefit

schwab Förder- und Lagertechnik has been established for more than 60 years and, with its skilled employees, has the proven experience and flexibility to satisfy the demands of customers, both large and small in this specialised trade.

schwab's ideas, engineering skills and manufacturing know-how provide products for smaller companies as well as equipment for international industries.

Try us - we look forward to your tasks.
