## *CABLE PATERNOSTERS*

Förder- und Lagertechnik

## schwab cable paternosters

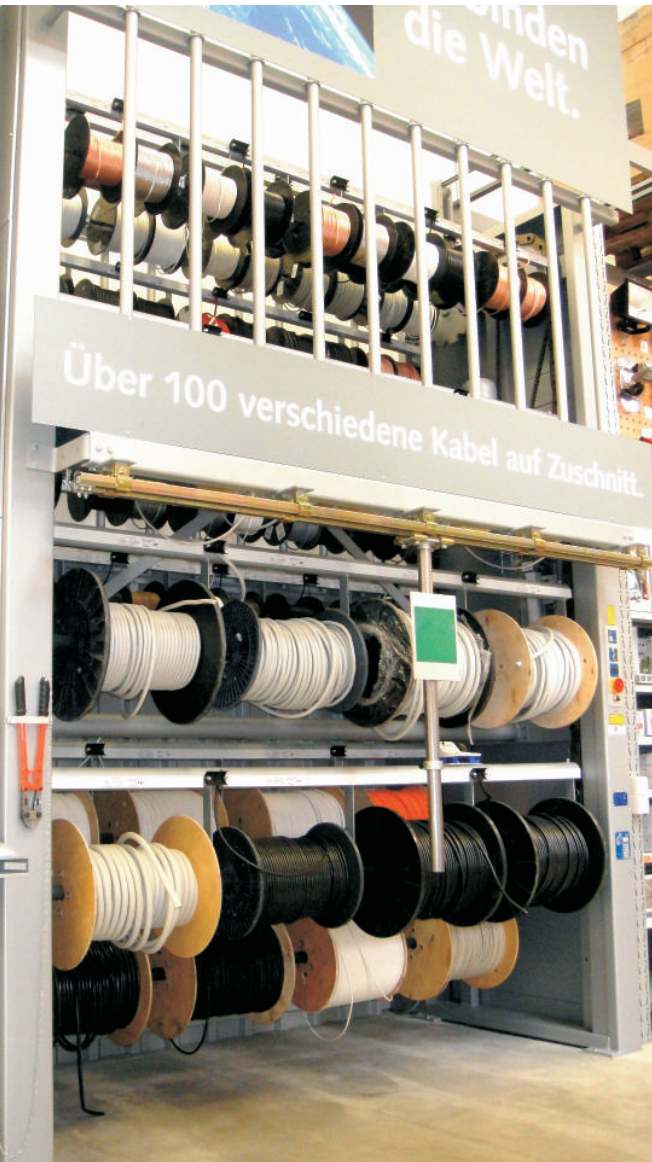

We provide the optimal solution for every application for storing, picking and unwinding of cable drums. These paternosters stand for economical operation, easy and safe handling. Reliable and stable they alleviate working for your staff.

Flow meters provide accurate control.

Also in hardware stores our cable paternosters can be used. Optimal presentation of your entire supply of cables. Clearly, organized, and easy for your customers to use. The goods can be directly deducted from the paternosters and the desired length separated.

The paternosters are customized to fit your needs.

## The advantages of a paternoster storage for cables

- access to individual reels
- cable drums individually deductible
- cable assembly directly from the device
- several operating points possible
- short time of selecting, thus less time exposure
- clear arrangement of the cable drums
- material comes to man
- either central or static storage for rolling and commissioning
- optionally with integrated measurement device

### **Our experience - your benefit**

schwab Förder- und Lagertechnik has been established for more than 60 years and, with its skilled employees, has the proven experience and flexibility to satisfy the demands of customers, both large and small in this specialised trade.

schwab's ideas, engineering skills and manufacturing know-how provide products for smaller companies as well as equipment for international industries.

Try us - we look forward to your tasks.
