

SOLUTIONS

storing • feeding • commissioning

INDUSTRIAL PATERNOSTERS

Förder- und Lagertechnik

Industrial paternosters

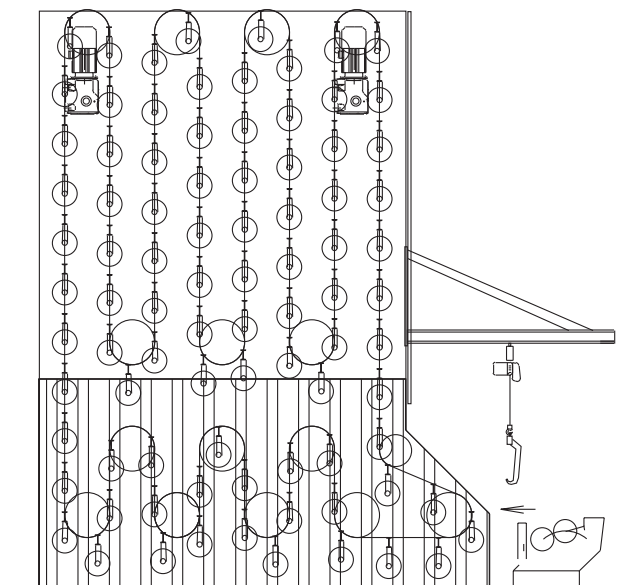

schwab dynamic chain-circulating systems are cutting-edge technical solutions for feeding, storing, buffering and commissioning for your logistic requirements in production or in stock.

Integrated into your existing inventory management, production control programs and individual adaption to the spatial conditions schwab paternosters seamlessly blend into your business.

Our goal is to create a customized system solution for you. Consulting, design and implementation from a single source.

INDUSTRIAL PATERNOSTERS

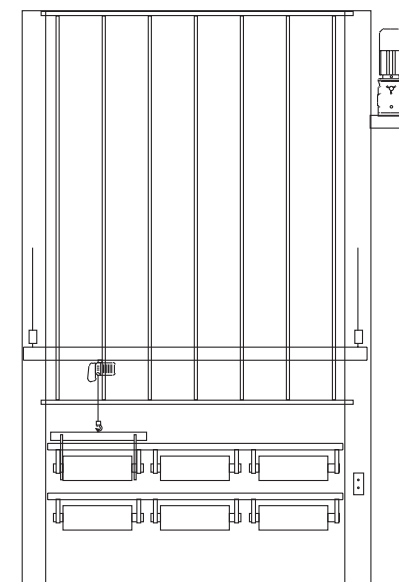

A system with significant advantages

- flexibility
- short access times
- high storage density
- central storage of all goods
- easy operation
- reliable and durable
- high security
- various combinations

INDUSTRIAL PATERNOSTERS

... and many possibilities

- loading from the outside, removing in the house
- loading on first floor, removing on the second floor
- paternoster as building extension
- buffer with manual or automatic handover in and out of storage
- involvement into the EDP for inventory and material management

INDUSTRIAL PATERNOSTERS

Industrial paternosters

One idea - thousand solutions

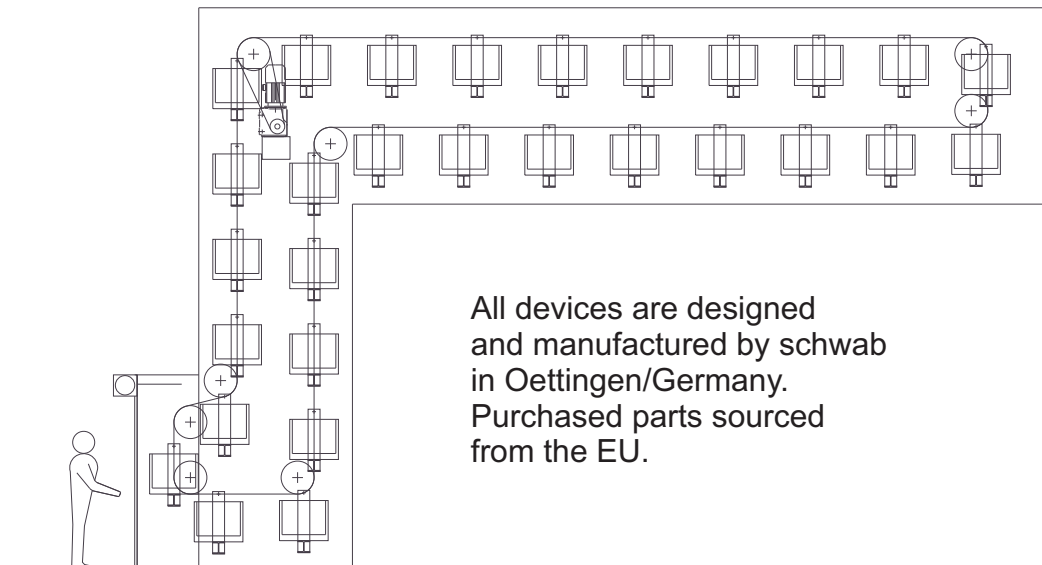

Application samples: Long goods for aluminum profiles or steel, decoiling lines for plates, cable storage, paper rolls bearings in paper finishing, tool magazines.

The extreme is normal at schwab.

Your requirement in number, size, load capacity and design of the compartments are our target setting.

With more than 60 years' experience in engineering and applications in almost all industries, we are specialized in customized solutions.

INDUSTRIAL PATERNOSTERS

All devices are designed and manufactured by schwab in Oettingen/Germany. Purchased parts sourced from the EU.

Our experience - your benefit

schwab Förder- und Lagertechnik has been established for more than 60 years and, with its skilled employees, has the proven experience and flexibility to satisfy the demands of customers, both large and small in this specialised trade.

schwab's ideas, engineering skills and manufacturing know-how provide products for smaller companies as well as equipment for international industries.

Try us - we look forward to your tasks.
