Vispa 35. Ideal to replace manual cleaning systems in small and congested areas. Ideal for maintenance cleaning

Vispa 35 battery model is available in the scrubbing and sweeping version, the electrical model is available in the scrubbing version. The battery-powered version is cable-free so that it can easily move in small and congested areas.

Vispa 35 can move easily under tables, clean

accurately room corners and have access in areas with many obstacles thanks to its handle bar which ensures 180° flexibility.

VISPA 35B/35BS COMES WITH GEL BATTERY, BRUSH/ES OR PAD HOLDER AND BUILT-IN BATTERY CHARGER.

Vispa 35B/35BS is extremely compact in size and can be parked also vertically. N.B. This operation is allowed only with gel batteries as supplied with the machine

12V/6A built-in battery charger

Vispa 35B/35BS features a built-in battery charger so that, to recharge the machine, you just have to plug the battery charger cable into any mains socket

VISPA 35B

VISPA 35E

VISPA 35BS

Vispa 35. Perfectly sanitizable and twice the productivity of the operator

Thanks to the combined action of the suction motor and the squeegee swinging around the brush, perfect drying is ensured and dirt is fully picked up without being spread on the floor as it might be the case with traditional manual cleaning systems. Every cleaning

task becomes much easier. Effortless scrubbing ensures much higher productivity of the operator at the end of the working day.

Patented parabolic squeegee

The parabolic squeegee swinging around the brush ensures perfect drying even on bends

Thanks to the automatic squeegee and brush adjusting system, the machine can automatically adjust to any type of floor

Lever for easy squeegee lifting and lowering

To get a good drying action squeegee rubbers must always be clean. If worn out it is very easy to replace them

Vispa 35B/35BS, a small scrubbing machine with long operating autonomy

Vispa 35B/35BS is suitable for cleaning areas up to 500-700 sqm. Its large tanks - 10 l solution tank and 10 l recovery tank - ensure very long operating

autonomy. The easy battery replacement ensures longer operating autonomy even for several production cycles.

The battery compartment is easy to reach for quick battery replacement

Vispa 35B/35BS.
Thorough cleaning
of the suction filter
is easy and practical

Vispa 35B/35BS.
Periodical cleaning
of squeegee hose
to guarantee
an efficient suction

Vispa 35B/35BS.
Before removing the
solution tank don't forget
to disconnect the solution
hose connection

The waste hopper
can be easily removed
for emptying

Vispa 35B/35BS/35E. Easy to get ready for use

Vispa 35B/35BS/35E is user friendly: just fill up the solution tank with water and detergent, fit the brushes and lower the squeegee to start operating.

- Controls are obvious in their use and self explanatory
 - Operate the water flow switch
 - Operate the brushes motor switch

- Operate the suction motor switch
- When operating the safety switch, holding both hands on the handle bar, the brush starts to rotate and water to flow. When releasing the safety switch, water flow is interrupted and the brush stops. To switch suction on and off, operate the relevant switch.
